

# Accelerate Cash Flow with Electronic Invoicing and Payments

In these precarious times, cash flow means survival. If you're still billing by mail, in person, or even email, it's a must to switch to online invoicing and payments. With Bill & Pay, you email an electronic invoice to your customer. They click the link and pay online with a credit card or e-check/ACH. It's instant, simple, and paper-free.

## During the COVID crisis and beyond, Bill & Pay will:

- Speed up and streamline cash flow
- Let you or staff manage accounts receivables from anywhere
- Allow you to create invoices in the cloud or in your existing software
- Offer auto-invoicing features for you and an autopay option for customers
- Can automatically send payment reminders
- Eliminate safety issues of in-person or paper contact
- Integrate with Quickbooks and Xero
- Get you up and running quickly!
